### Temporary Body Art Facility & License Requirements

1. "Temporary body art establishment means any place or premise operating at a fixed location where an operator performs body art procedures for no more than seven (7) days consecutively in conjunction with a single event or celebration." (BA Code 1.36) Before a license to operate is granted the applicant must meet the following requirements. If the applicant is unable to meet all of these requirements a license will not be issued, or revoked if the operation is found operating out of compliance.
2. Temporary licenses applications must be submitted at least 30 days before the event. The fee for plan review and licensing the temporary establishment is \$120.00 and must be submitted with the application.
3. Temporary permits are issued only for the following circumstances:
  - a. Education
  - b. Trade shows
  - c. Product demonstration
4. Operators working under the temporary license must be:
  - a. Certified body art operators in Coconino County or another jurisdiction.
  - b. Current blood-borne pathogen training course.
  - c. Proof of Hepatitis B vaccination series or complete Hep B waiver form.
  - d. Demonstrate sterile technique and good personal hygiene practices.
5. Physical facilities must meet the following criteria:
  - a. The structure where the body art demonstrations/procedures will take place must be in permanent fixed location. Mobile units, trailers, tents, etc. are not allowed. (ARS 13.3721 A3) There must be a minimum of 45 - 80 square feet of floor space for each operator.
  - b. Walls, floors, ceilings must be smooth, non-absorbent, easily cleanable and light in color.
  - c. Junctures must be sealed.
  - d. Adequate lighting (100 foot candles of light at the level where the body art procedure is being performed) must be available.
  - e. A designated handwash sink with hot and cold water through a mixing faucet. Dispensed soap and papertowels must be provided.
  - f. An instrument sink (separate from hand sink) for cleaning equipment prior to sterilization.
  - g. Janitorial sink.
  - h. Chairs, tables, etc. must be smooth and easily cleanable or covered.
  - i. Clients must not have access to instrument cleaning area.
  - j. Retail sales shall be separated from procedure areas and instrument cleaning areas.
  - k. Solid partitions or walls must separate body art procedure & cleaning areas from human habitation, food establishment, hair salon, or any other activity.
  - l. Provide adequate ventilation.
6. Operational requirements:
  - a. Tuberculocidal single-use hand wipes to augment handwashing must be available in each booth.

- b. Operators must comply with the following if equipment and tools will be cleaned and sterilized on the premises:
  - i. An ultrasonic unit in good working condition and large enough to fit the largest piece of equipment.
  - ii. Steam autoclave in good working condition. Provide copies of most recent spore test results (test must have been conducted 30 days or less prior to date of event).
- c. Operators must comply with the following if they will NOT be cleaning and sterilizing equipment on the premises:
  - i. Equipment must be pre-sterilized in a licensed facility or purchased commercially sterilized. Peel packs must be marked with the date of the the peel pack was sterilized. If equipment is cleaned and sterilized in a licensed facility spore test results must be submitted along with the application. If equipment is commercially sterilized, invoice statements must be submitted with the application.
- d. An FDA approved viricidal disinfectant for sanitizing work surfaces, chairs, etc. The disinfectant must be used on surfaces after each client.
- e. Provide a puncture-proof sharps container with the appropriate international biohazard symbol.
- f. All equipment must be stored in clean, dry containers or drawers.
- g. Display disclosure statements provided by the Health Department.
- h. Covered waste receptacles.
- i. Single-use razors, ink caps, papertowels must be used only once and then discarded.
- j. Provide adequate privacy for clients.
- k. Provide aftercare instructions (if applicable).
